SCORM (Sharable Content Objective Reference Model) is a standard for educational content delivered through an e-Learning platform. Blackboard supports SCORM compliant objects up to version 1.2. It also supports SCORM2004.

**Enabling the Tool**

By default, the option to add SCORM content is not available in a course site. In order to add the content, the tool must be made available.

1. Enter the course, expand the **Customization** menu of the **Control Panel** and click on **Tool Availability**.

2. Scroll down and find **SCORM Content**. Check the box under the **Available in Content Area** column.

3. Click **Submit** when finished.
Adding SCORM Content

1. Access the content area in which SCORM content should appear (i.e. Assignments, Course Materials, etc).

2. Enable **Edit Mode** by clicking on the button in the upper right.

3. Hover over the **Build** menu and select **SCORM Content**.

4. Enter the name of the item and then browse to the location of the package on your computer or network.

5. Choose **Interaction Options** as desired
   - 5.1. Choose **Flow** if the object takes the user from one part to the next.
   - 5.2. Or choose **Choice** to show a map of different parts of the object which the user may navigate themselves.

6. Change settings for **Gradebook Options** as needed.
   - 6.1. **Add Gradebook Item**- Select Yes to add a column in the Grade Center for this content item.
   - 6.2. **Track Attempt Details**- Select Yes to be able to view user interaction with the content, such as viewing time and question responses.
   - 6.3. **First Attempt Only**- If Yes is selected, attempt detail will only display for the first time the user accesses the content.

7. Select the **Content Options** as desired.

8. Click **Submit**.
Frequently Asked Questions

Q1. Where can I acquire SCORM content?

A1. SCORM content is typically available through various publishers. Check with a textbook publisher to determine if SCORM content exists for a given textbook. Some SCORM content may also be downloadable.
