Please note that attire is business casual.

9:00 – 9:30  Welcomes, introductions, and presentation of vendor’s vision.

9:30 – 11:00  How does the vendor’s system do what our current system does well?  
(per the SIS Planning Group’s data found at: http://www.cnc.ucr.edu/sis/)

11:00 – 12:30  How does the vendor’s system do what our current system does NOT do well?

12:30 – 1:30  LUNCH Provided by C&C

1:30 – 3:00  Presentation on query, reporting, integration, and data mining tools.

3:00 – 4:00  Presentation portal, access, web features, etc.

4:00 – 5:00  Technical discussion regarding single-sign on, authentication, LDAP, XML, authorization, portals.

To prepare for the presentation, the vendors have been asked to visit the Student Information System Planning Group’s web site (http://www.cnc.ucr.edu/sis/). Vendors should be able to obtain pertinent information from the website and have been asked not to contact individual committee members. Please refer all questions regarding the visit to Josee Larochelle, CFAO Computing and Communications (Josee.Larochelle@ucr.edu)

Within two weeks following the vendor visits, the vendors will be asked to provide:

1) Cost Estimates (hardware, software, and consulting identified separately).

2) An overview of an implementation timeline and plan.
